

ENDORSE ROOSEVELT

Leading London Papers Lick for President's Re-election.

LONDON, Sept. 16.—The Times and the Standard this morning both devote their principal editorial articles to lengthy reviews of President Roosevelt's chances for the presidential nomination of 1903. The Times says:

"The popularity of the new president has been sometimes greater and sometimes less, but what is most certain is that all along Mr. Roosevelt has produced a deep and enduring impression on the public mind. Even now the people of the United States do not appear to have quite made up their minds about him, but no doubt is entertained in any quarter that he is the man, the strong man, the determined man and the man with clear views of his own and the courage to assert them regardless of the power of party wire pullers and other influences. President Roosevelt, whether in the right or in the wrong in the controversies which have arisen during the past year, has never hesitated; he has declared his policy and placed it frankly before the country. The Standard's comments on this subject are similar to those made by the Times.

PANAMA FEELS SAFE

American Warship at Each End of Railroad.

NEW YORK, Sept. 16.—Among the American citizens on the Isthmus there is now a feeling of relief as there is now a United States warship at each end of the railroad, cables the Panama correspondent of the Herald. There are no indications of an immediate attack by the revolutionists.

In a personal interview with acting Superintendent Prescott of the Panama railroad regarding the application of Friday's decree to natives employed by the corporation, he said that his company is doing everything possible to protect them and its own property in accordance with the treaty of 1846, embodying the contract with the Columbian government and with the assistance of all employes of the Panama road in attending exclusively to their official duties, company interests will be fully protected. The company's representatives are endeavoring to do whatever they can to facilitate traffic.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the register and receiver of this office at Oregon City, Oregon, on Saturday, the 23d day of November, 1902.

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE OF CARDUI

A million suffering women have found relief in Wine of Cardui.

ASHLAND, Ore., Sept. 16.—The body of an unknown woman was found hanging from a tree in the mountains west of Hornbrook, Cal., yesterday. The coroner's jury has rendered a verdict that she had been murdered and afterward hanged to a tree.

CHANGED HIS NAME.

NEW YORK, Sept. 16.—John Hendrickson, who assumed the name of Cox in seeking work after having been imprisoned and thereby violated a law, has been sentenced to 60 days in the county jail.

His arrest came about through speaking to the judge who had sentenced him in the first case. The judge related the occurrence to a friend and the story reached the ears of the police. Hendrickson pleaded that his wife and children would have starved had he not changed his name and secured a position; but the court was obdurate and declared that he had "said that before in other courts and would say it again."

The sentence, however, was reduced to the minimum.

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scales that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these various skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxins the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.
